BERKLEY.

Next Sunday will be Children's Day at the Christian Church. The following young ladies are a committee to decorate the church for the occasion, and are requested to meet at the church Saturday at 10 a. m.: Misses Lena Ives, Nannie Bernard, Naomi Eley, Mamie Pierce, Lizzie Pierce, Annie Nichols, Daisy Nichols, Annie Winborne, Maggie Winborne, Mrs. May Garrett.

The song recital under the direction of Prof. Eugene F. Marks, of Freemason Street Baptist Church, Norfolk, will take place Friday evening at 8 p. m., at Main Street Christian Church.

Yesterday was evidently the hottest weather for June that the people of this section have experienced in several years. The thermometer stood 98 degrees in the shade in front of Mr. P. H. Broutlet's store for more than four hours, and in the Chestnut Street M. E. Church last evening it was 106 degrees, making it decidedly uncomfortable for people worshipping there.

The name of Miss Nellie Whetstone, one of the pupils of Ryland Institute, who attained high grades in all her studies, was unintentionally overlooked in making out the roll of honorable mention. The name of Miss Cecil Hewitt, who was presented with a very handsome gold watch and chain by her father for her good work in school, was also left out, to which fact we gladly call attention.

Rev. George H. Ray, D. D., of Danville, Va., is the guest of his daughter, Mrs. H. L. West, on Lee street.

Mrs. T. C. Humphries arrived from the Old North State yesterday, having concluded a visit of several days among friends and relatives.

The little son of Mr. and Mrs. R. W. Roane is quite sick at their home, on E street.

Mr. B. H. Darden and family spent yesterday with friends near Churchland.

Blind, the little son of Rev. C. I. Stengle, who is quite ill with spinal meningitis, was taken to the Sanitarium at Virginia Beach yesterday for treatment.

The funeral of Nettie May, the 7-months-old daughter of Mr. and Mrs. Frank Spooner, who died Tuesday morning at their residence at Money Point, was conducted from that place yesterday at 3 p. m. The remains were brought to Berkley by Undertaker Williams, and laid to rest in Magnolia cemetery.

The procession of tramps arrested Tuesday afternoon and locked up, was dismissed and ordered out of town yesterday.

The Norfolk and Southern Railroad Company is running four freight trains daily now, and will continue to do so while the Wilmington, N. C., rush of freight is on. Four trains could not bring in all of the freight yesterday owing to the general increase along all lines. Business has more than doubled within the last three months on this road.

RUSSIA'S SCHEME.

WHAT THE PROPOSAL FOR PERMANENT ARBITRATION TRIBUNAL CONTEMPLATES.

(By Telegraph to Virginian-Pilot.)

The Hague, June 7.—Russia's scheme for a permanent arbitration tribunal contemplates the institution of a tribunal for a certain number of years to which will be submitted the obligatory arbitration cases enumerated in article 10 of the Russian project, already published, unless the powers in the conflict agree upon a special tribunal to settle their differences.

All cases of optional arbitration may also be submitted, and all the powers, whether signatories or otherwise, may submit their differences to this tribunal by applying to the permanent bureau.

Appendices to this agreement provide bases for the organization of the tribunal, rules of procedure and the creation of a permanent bureau, to sit at The Hague.

AMERICAN POLICY COMMENDED.
London, June 8.—The Times, in an editorial discussing the proposal of the United States delegation at the Peace Conference to exempt private property at sea from capture in time of war, says:

"It must be admitted that the proposal represents a long and honorable position of American policy, but it would be impossible for England to accept such a suggestion, unless all the powers were prepared to bind themselves never again to treat foodstuffs as contraband of war. And, even then, no mere paper agreement would afford us adequate security in so vital a matter. If commerce is no longer to be attacked at sea, all the powers might largely reduce their naval armaments, but England must needs be the last to do so."

NEGOTIATIONS ENDED.

PRESIDENT KRUGER AND BRITISH HIGH COMMISSIONER DISAGREE.

(By Telegraph to Virginian-Pilot.)

Brussels, June 7.—Dr. Leyds, the European representative of the Transvaal, has received an official dispatch from Pretoria confirming the report of the failure of President Kruger and the British High Commissioner, Sir Alfred Milner, to reach an agreement at the conference just held at Bloemfontein. It is added that although President Kruger offered important concessions he made them contingent upon the British acceptance of the principle of arbitration on the differences existing between Great Britain and the Transvaal. This Great Britain hitherto has invariably refused on the ground that it would be an acknowledgment of the equality of the two countries.

ANXIETY CREATED.

London, June 7.—The report of the breakdown of the Bloemfontein negotiations has created considerable anxiety in political and official circles and there is much speculation as to the next move of the British government. While Great Britain probably does not mean war, it is generally thought that, at any rate, there will be military operations.

THE DEATH SONG.

INDIANS CHANT OVER THE GRAVE OF BISHOP DURIEN.

(By Telegraph to Virginian-Pilot.)

Vancouver, B. C., June 7.—The burial of Bishop Durien, who for twenty-five years worked among the natives of British Columbia, was the occasion of a remarkable scene.

Surrounding the bier were 5,000 Indians chanting a death song in the native guttural tongue, swaying their bodies in unison to measured strains of music, while on an elevation in the rear of the catafalque the crucifixion of Christ was being enacted, a lay figure representing the Saviour being lowered from the cross by Indians dressed in vestment of biblical character.

Phosphate Lands Purchased.

(By Telegraph to Virginian-Pilot.)

Charleston, S. C., June 7.—The Bradley's of Boston, are said to have purchased a large tract of phosphate lands on the Ashepoco and Edisto rivers, about fifty miles from this city. The purchase includes six thousand acres of land bearing high grade rock and is a majority of the unmined lands left in the State.

TEXAS WATER SPOUT.

DESTROYS COTTON MILL AND WASHES HOUSES AWAY.

(By Telegraph to Virginian-Pilot.)

St. Louis, Mo., June 7.—A special to the Republic from Austin, Texas, says: As a result of the terrible waterspout and exceedingly heavy rains last night on the upper watersheds, the Colorado river is raging out of its banks.

Reports from Marble Falls, thirty miles above, show a 25-foot rise there. The cotton mill at Marble Falls was wrecked. The water-works, the river bridge and other property were damaged. To-night debris is pouring down the river by the carload. Small houses, which have been swept from their insecure mooring along the river front, are seen floating far out in the stream, though the inmates doubtless have escaped, as there is no sign of life about the cottages. Great damage is reported to crops and farms.

An Alabama Murderer Executed.

(By Telegraph to Virginian-Pilot.)

Huntsville, Ala., June 7.—Will Hill, brother of Alex Hill, the negro who killed Mrs. Hester Hubbard near Eoline Monday, was captured near McCulley's mill yesterday and taken near the scene of the crime and killed. His head was shot into a shapeless mass. He confessed he was with Alex Hill at the time Mrs. Hubbard was killed and that he and Alex went to Hubbard's for the purpose of killing Mrs. Hubbard. They had heard her husband was absent and she had a large sum of money in the house. The crowd first hung him to a limb and then cut him down. He was then tied to a tree and a volley fired into his head. The husband of the murdered woman was present.

Tiffin, O.—John L. Sullivan here to-night tips Jeffries to win, but says the fight will probably be a long one.

"It was about four years ago that I noticed such a distressed feeling in my stomach after eating. My friends told me it was dyspepsia, and each one recommended a different remedy. After trying almost everything without success, I noticed a

advertisement in a local paper, and I made up my mind to give them a trial. The immediate relief which they gave convinced me that I had at last found a cure. I cannot praise them too highly, and I recommend them to all humanity who are suffering with indigestion and dyspepsia. I am not troubled now with that grouchy ill-natured feeling, and my friends think I am more sociable than I have been for years."
